

FIG. 1

FIG. 2 is a block diagram of a system 200. The system 200 includes a client 210, a network 206, a configuration server 202, and a database 208. The client 210 is connected to the network 206. The network 206 is connected to the configuration server 202. The configuration server 202 is connected to the database 208. The network 206 is also connected to a plurality of servers 204A, 204B, ..., 204N. The servers 204A, 204B, ..., 204N are connected to the network 206.
